

Year 1 Newsletter

What are we learning this half term?

In Year 1 this half term our Science topic is seasons which links nicely with our geography topic of weather around the world. This will mean hopefully lots of time outdoors exploring and researching seasons and weather. In Composition we will continue with drawing club. We will be looking at the following stories;

In Maths we will continue working on numbers within 50 as well as moving onto measuring length, weight and capacity.

Home Learning

Please could you read with or listen to your child read 3 times a week and sign their diary. I will read with them weekly and our teaching assistant will also try and read with most children weekly.

Easter Egg Hunt

On March 26th we will be having a Year 1 Easter Egg Hunt. I would love it if the children could come to school with a basket they have decorated themselves for the hunt.

Phonics

As you know in Summer term 1 we will have our phonics screener.
Below are some links to some phonics games children can play online at home

[PhonicsPlay](#)

[Alphablocks Games, Puzzles and Learning Resources - CBeebies](#)

[Phonics Games for the Classroom and Home - Phonics Bloom](#)

[Teach Your Monster: Free Phonics, Reading and Mathematics Games](#)
